## Child Safety Seat Installation Information

The following information is provided to assist citizen's with their child safety seat installations.

1. [www.safetyseatva.org](http://www.safetyseatva.org) This site is produced by the Virginia Department of Health. This site provides a "Buckle up Virginia Child Passenger Safety Tool Kit", A list of Virginia Dept. of Health permanent "Fit Stations" and car seat installation videos. They may also be reached by phone at 1-800-732-8333
2. [www.carseat.org](http://www.carseat.org) Site is a Dialog Forum that you may post questions regarding this topic.
3. [www.carseatsite.com](http://www.carseatsite.com) This site provides installation videos. Child seat recommendations and seat recalls

These are just a few web sites that will help you in the correct installation of your car seat. Please review the laws for the child's age and size, regarding your choice of a proper seat. Be sure and send in your warranty card. By sending in your warranty card, you should receive any recall information from the manufacturer. We at the Fredericksburg Fire Department hope this assists you in gaining the information you need to purchase the correct child safety seat and its proper installation.
